ABOUT US

By Divine Grace, Sai Raj Ltd continues to serve the region as a pioneering fiberglass and PVC products manufacturer and fabricator with a team of highly trained professionals that are committed to providing quality products and a wide range of associated products and services.

For over 47 years, we have provided clients with bespoke innovations by maintaining a system that can integrate developments as they occur; these cost and quality advantages are passed onto our valued customers.

We are one of Kenya's leading fiberglass molders, commercial vehicle body manufacturers, and vehicle conversion specialists, offering the largest, most diverse range of products available in the market today. Our designers work with you during the development of each product to discuss the range of features available to you.

Our products include Fiberglass and Steel Truck Bodies, Pick-up Bodies, Vehicle Conversions and Specialty Fabrications, Fleet Conversions, 4x4 Accessories and Camping Gear, Ceramic Coating and Paint Protection products, uPVC Roofing Sheets, Polycarbonate sheets, PVC ceiling panels, Fiberglass tanks, Fiberglass furniture and many more quality Fiberglass Moldings as per client needs.

Our Vision

To make Sai Raj Ltd the first-choice manufacturer and reliable vendor of high-quality products, vehicle body work, accessories and preferred allied products.

Our Mission

To be trusted to deliver excellence with quality, service, flexibility and innovation at affordable prices.

Transforming Pickups into Life-Saving Ambulances

At Sai Raj Ltd, we specialize in converting pickups into fully functional ambulances designed to deliver emergency care when and where it's needed most. Whether for hospitals, NGOs, county governments, or private clinics, our conversions are built with precision, durability, and patient comfort in mind. Each unit is engineered to withstand diverse terrain, ensuring safe and reliable transportation of patients and medical personnel. From standard basic life support (BLS) ambulances to advanced life support (ALS) setups, we customize according to your requirements, adhering to international healthcare and safety standards.

Transforming Vehicles into Tactical Assets

At Sai Raj Ltd, we transform standard pickups and SUVs into mission-ready vehicles built to serve law enforcement, security, and defense organizations. Our conversions are engineered to enhance safety, resilience, and operational efficiency, ensuring every unit is capable of handling demanding environments. From high-visibility patrol vehicles to rugged tactical carriers, we integrate features that boost mobility, communication, and protection. Each conversion is customized to meet your specific requirements, whether for rapid response, urban policing, border security, or defense missions. With precision craftsmanship and strict adherence to safety and performance standards, we deliver vehicles that strike the balance between authority, durability, and tactical readiness.

Secure Transport, Trusted Protection

At Sai Raj Ltd, we design and build cash-in-transit vehicles engineered to ensure the safe transport of money and valuables. Security, durability, and discretion are at the heart of every conversion we deliver. Our CIT units are constructed with reinforced bodywork, secure compartments, and advanced surveillance systems to deter threats and withstand attempted breaches. From banks and financial institutions to logistics companies and security providers, our solutions are tailored to meet varying operational risks and compliance standards. With precision manufacturing and innovative design, we deliver vehicles that safeguard both assets and personnel in every mission.

Adventure Starts Here

At Sai Raj Ltd, we transform standard pickups into comfortable and reliable tour vehicles, perfect for safaris, excursions, and adventure travel. Our tour conversions are designed to balance passenger comfort with rugged performance, ensuring safe and enjoyable journeys across diverse landscapes. From raised seating platforms and open-air viewing roofs to durable flooring and secure luggage compartments, every detail is crafted with tourists and operators in mind. Whether for national parks, game drives, or long-distance expeditions, our conversions deliver a blend of style, functionality, and durability — making every trip an unforgettable experience.

Specialized Vehicles for K9 Operations

At Sai Raj Ltd, we specialize in converting pickups and SUVs into fully functional dog section units designed for police, defense, and security operations. These conversions prioritize the safety, comfort, and efficiency of both handlers and working dogs. Each unit is engineered with secure kennels, proper ventilation, and easy-access layouts that ensure dogs remain calm and ready for deployment. Whether for patrol, detection, or tactical response, our dog unit conversions balance durability with animal welfare, providing reliable mobility for K9 teams in urban, rural, and off-road environments. Built to meet operational standards, our solutions enable seamless coordination between handlers and their canine partners.

First on the Scene, Ready for Action

At Sai Raj Ltd, we convert standard pickups and SUVs into Rapid Intervention Vehicles (RIVs) designed for immediate response in emergencies. Whether for fire brigades, airports, security firms, or industrial facilities, our RIV conversions deliver speed, reliability, and tactical capability. Compact yet powerful, these vehicles are built to access areas larger trucks cannot, carrying the essential equipment needed to stabilize situations quickly. From firefighting systems and rescue tools to medical support and communication gear, every unit is customized to match your operational requirements. Engineered for performance in urban, rural, and off-road terrains, our RIVs ensure your team is always ready to act when seconds count.
